Our ‘Sensational’ Senior Excursion - The Senior Class had an awesome time exploring the many cultural sights of Brisbane and the Sunshine Coast.

There was not a dull moment as we were all kept busy admiring artistic masterpieces, science exhibits, dinosaur bones, solar systems, crocodiles, City Cat rides, bowling, swimming and boot camping all whilst admiring the many interesting sights and delights!

Everyone had a fantastic time, with many students saying that they loved ALL the activities so much, that they could not single out a favourite!

All students showed great manners, respect and consideration during all activities and locations. They were great representatives for our school! **Excursion Rating: ★★★★★**
“I really enjoyed the boot camp exercises in the morning because they were really fun and a great way to wake up and start the day!” Liam, Year 5.

“The Science Centre was amazing. They had so many interesting ways to experiment with science.” Ethan, Year 4.

“It was very interesting to visit the art galleries. It was great to learn about art styles and what has happened through history.” Jade, Year 6.

“The visit to the Planetarium was really cool. It was great looking into space with the dome.” David, Year 6.
