RULES:  
Players are to be ranked from 1-2 in order of ability (1 being the best player) for chess and for draughts for each stage.  
Players cannot change games or rank during the day.  
All players will play in a social manner.  
Both players will agree who is the winner - if uncertain an official will decide.  
Players are not to be disturbed whilst having their go.  
If a player takes their fingers off the piece being played it is counted as a move.  
All players will move in an acceptable time eg 1 minute. If a player feels that his opponent is taking too long they must signal an official to insist on a move. If by an official’s time an opponent has not moved, the player will forfeit the piece or a turn.  
Assistance from an observer MAY RESULT IN DISQUALIFICATION.

This will be a knockout competition however eliminated students will have the opportunity to play social games throughout the day.  
If there is a tie in the draughts game, due to time constraints, a rematch will occur – the first player to win a counter will be the winner.
